How to Lend a Book on Kindle

There are 2 ways to find the books that are lendable.
1. Go to Amazon.com. Search for the book. When it appears, click on it. Click on the Kindle edition. Scroll down to see Product Details. If it is lendable, it will say **Lending**: Enabled.
2. To find lendable books among those you have already purchased, go to Amazon.com. Sign in using your email and password (upper right). Click on *Your Account* (Upper right). Scroll down to **Digital Content**. Click on *Manage Your Kindle*. Scroll down to *Your Orders*. You will see a + sign on the left of every book. Click on that. If the book is lendable, it will show ***Loan this Book***.

If you wish to lend the book to someone, simply click on ***Loan this Book.*** You will get a new screen that prompts you to provide the recipient's email address and name. You can include a message if you wish.
